IT PAYS TO BUY THE BEST

Look to the Food You Eat. To Every Lady

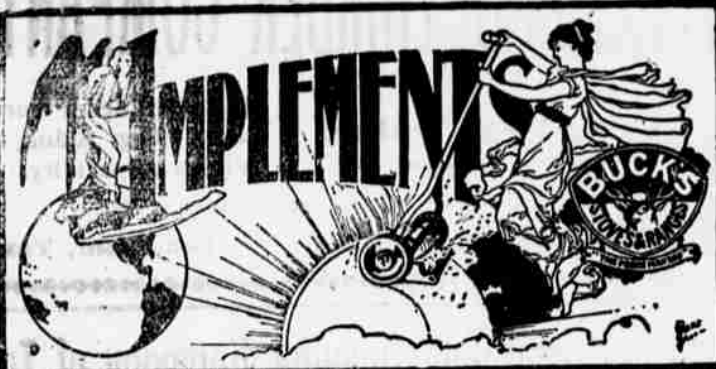

visiting our store we will give the current issue of "What to Eat," the most beautiful, artistic and reliable epicurean magazine in the world. We have made arrangements to procure this magazine for distribution each month, as we believe the time has come when great interest should be taken in the subject of pure foods, and we know of no other publication of prominence that has taken so honest a stand in its opposition to adulterated and fraudulent goods of every kind. Then, too, in addition to this, "What to Eat" is the only entertaining magazine on the food subject published in this country, its pages being full of suggestions for entertaining, tests for the table, bright stories and practical menus and recipes, and, in fact, all topics of value, not only to every housewife, but to the gentlemen of the house hold and club. The merit and standing of the magazine may be realized from the thousands of flattering newspaper notices of the press in all parts of the world. Here are a few:

"A most artistic and excellent magazine."—Paris edition of the New York Herald.
"Almost good enough to eat."—Philadelphia Call.
"Printed exquisitely, illustrated delightfully."—London Epicure.
"In every way superb."—Boston Globe.
"Unique in its conception and artistic excellence."—Christian Intelligencer.
"Bright and interesting as usual."—Omaha Bee.
"In many respects it leads many of the popular magazines."—Scranton Republican.

ALLIED FORCES' LOSSES.

Washington, July 17.—Seven hundred and seventy-five men of the allied forces, including 215 Americans, were killed and wounded in the battle of Tien Tsin, according to the official report of Admiral Remy to the navy department under date of Che Foo today. The dispatch arrived early this morning. The admiral heard that of the Americans killed forty are marines, the remaining 175 being officers and men of the Ninth Infantry. So far, no American officers are reported killed except Colonel Liscum and Captain Davis of the marine corps. The dispatch also contains the important news that the assault on the native city was successful and that the city and forts are now in possession of the allies.

ADMIRAL REMY ADVISES.

Washington, July 17.—The bureau of navigation today received a cablegram from Admiral Remy at Che Foo dated July 17. He hopes to get the wounded from Tien Tsin either to a hospital or aboard the Solace. The communication is very uncertain, and for some reason, ambiguous. The following casualties are apparently confirmed:

Marines—Captain Davis, killed; Captain Lemly and Lieutenants Butler and Leonard, wounded.
Army—Colonel Liscum, Majors Reagan and Lee and Captains Noyes, Lawton, Brewster and Bookmiller, killed; Lieutenants Haymor, Command and Waldron, wounded.

TIENTSIN CAPTURED.

London, July 17.—A Shanghai dispatch, under date of today, says: "The allied forces resumed the attack on the Chinese walled city of Tien Tsin Saturday morning. They succeeded in breaking the walls and capturing all the forts. The Chinese were completely routed by the allies, who took possession of the native city and its defenses. The total loss of the allies in the engagements of Thursday, Friday and Saturday amounted to about 800 killed and wounded. The Russians and Japanese suffered most."

A RAY OF HOPE.

Washington, July 17.—The Chinese minister this morning received a cablegram announcing the safety of the foreign ministers July 9. He communicated the same to Secretary Hay, who immediately called a cabinet meeting for this afternoon to consider the Chinese situation. The late Peking massacre, as reported yesterday morning from Shanghai, was of July 7.

SIMON SAYS WIBBLE WABBLE.

London, July 17.—The Belgian foreign minister received the following telegram from the first secretary of the Belgian legation at Peking, now in Shanghai, under date of July 16: "At the present moment Director Sheng has not received a confirmation of the reported massacre at Peking."

PREMATURE EXPLOSION.

Utica, N. Y., July 17.—Two persons were killed and several injured by a premature explosion of a blast at Blue Mountain lake this morning. The men were working on a raft, being part of a dredging force at the outlet of Blue Mountain lake. The killed were blown to pieces by the blast, which was under water.

SHANGHAI INSECURE.

London, July 17.—Telegrams from Shanghai and Che Foo indicate increasing seriousness in the state of affairs. The foreign consul at Shanghai is said to have sent word of their movements and to urge the sending of ten more war ships to protect the port of Shanghai. It seems that the Chinese have already threatened to fire the great oil tanks at Pao Tung, beside the city.

BIG CHINESE ARMY.

London, July 17.—A Shanghai dispatch says 100,000 Chinese are armed with Mausers and with modern artillery. They are encamped in three places within forty miles of Shanghai. The men and guns are to be used to besiege Shanghai, should foreigners land forces or attack Woo Sung.

BOXERS IN COREA.

Washington, July 27.—The Boxers have broken out in Corea. Minister Allen cables that the Boxers had destroyed the Catholic missions three miles from the frontier, 500 miles from the American lines.

NEWS AT THE COUNTY CAPITOL.

A great deal of interest has been devoted during the day to the case of Sallie Burgess vs. the Western Union Telegraph and Telephone company. This is the third time the case has been tried, and the attorneys who represent the plaintiff, as well as the attorneys who represent the defendant, are using every effort to get a decision. Three or four years ago Sallie Burgess was in New Orleans and found that she had lost her ticket. She telegraphed to her uncle, who lives in Beaumont, to send her a ticket. The message, it is claimed, was sent from New Orleans on June 30 and delivered to Mr. Huffman on July 5. During this time Sallie Burgess had to stay at the depot in New Orleans on account of not having money to go to a hotel.

State vs. Jeff Scott—fined \$50. George Brown, who was sentenced to two years in the penitentiary, had his sentence passed upon him yesterday afternoon; also Charles Reed, who was given two years.

ITALIANS REVENGEFUL.

Rome, July 17.—The foreign office is besieged by relatives of Italians in China, but they get no satisfaction. The government has received from the consul at Shanghai the same news received by the newspapers. The city is depressed by the reports of the massacre and the word of revenge is on every lip.
